The aim of this board is to upload unusual texts from Tradition. Many are not actual booklets but have been created as such by texts available free online but in a different format. (Perhaps in a copy of The Angelus or elsewhere.)

The idea is for people to be able to read texts on particular subjects and pass on to those interested as tools of conversion or apologetics etc. All texts are in the public domain (somewhere) and are not to be used for profit.

Many, though not all, are connected with the stand of Archbishop Lefebvre and whilst some may debate over who is the heir of his legacy this board will contain articles of interest from all sides.
